For Christmas Comedy to be performed Nov. 22 to 25th, 2012

DEAR SANTA...

WE'VE MOVED!

by Warren Graham

The Dortmund family has just moved to the small town of Frostbite Falls and the children have settled in: Josh hitched a ride in a cattle hauler, Junior fashioned his sister's leotards into a slingshot, and Bonnie beat up the neighbour's daughter... who happens to be the daughter of Mr. Dortmund's new boss!

To make matters worse; the water heater doesn't heat water and the plumber keeps upping the price of repair, the boxes are missing their labels, and Grandmama's 1895 Antique tea service is missing entirely... or is it? Who knows?! It's chaos at Christmas time. But at least the children have written their letters to Santa... edited by Mom... re-written by Uncle Don... and now the whole town is involved!

Lots of laughs for young and old with a few surprises along the way and, of course, a Happy Christmas for everyone!
